University of Maryland Radiation Facilities
Tour Rules & Requirements

The following are requirements for the radiation facilities tours:

- Bring an acceptable form of ID: University ID, state/government issued driver's licenses, passports, or government clearances.
- No weapons of ANY kind.
- Tour sizes may be limited; the tour size must be kept to 12 guests per UMD Radiation Facility escort.
- Closed-toed, closed-backed shoes are required at all times to enter the building. No sandals, flip flops, or clogs are permitted.
- No electronic devices, such as, but not limited to: cell phones, cameras, and MP3 players. Pacemakers are safe within the facility.
- No bags, backpacks, purses, or bulky coats.
- Tours may be cancelled at any time without advance notice.
- All persons and possessions are subject to search.
- Minors must be accompanied by an adult.

Oculus Go Virtual Reality Health & Safety Warning and Liability Waiver and Release

What to Expect in the Oculus VR Experience?
At their own discretion, participants will have the opportunity to view a 3.5-minute virtual reality video of the Chernobyl exclusion zone using the Oculus VR glasses. This is an entertaining and immersive experience.

Health and Safety Notice
While generally safe, I am aware that some people may experience nausea, disorientation, vertigo, seizures, motion sickness, general discomfort, headaches, anxiety or other physical, mental or health-related injuries when experiencing virtual reality. Those with epilepsy may be adversely affected by virtual reality experiences. On behalf of myself and minors under my keep, I voluntarily assume all associated risks, and take full responsibility for these and any other consequences that may arise from my participation in this activity.

The manufacturer of the Oculus Go VR glasses does not recommend use for children under the age of 13. We will only allow with consent of parent or guardian. All participants should remain seated while wearing the glasses.
